### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Beyer (U.S. Patent 4,462,656).

2. Regarding claim 1, Beyer, see figures 1-2, 5 and 12, discloses a ground joint connector comprising: a connector housing 1; a plurality of connecting portions 7 disposed in the connector housing 1 and configured to be fitted with respective mating connectors (see figure 5) and a ground terminal PE installed in the connector housing 1 and having a common grounding portion and a plurality of terminal pieces 5 connected to the common grounding portion wherein the plurality of terminal pieces 5 are arranged to be protruded into the plurality of connecting portions 7 respectively and wherein the common grounding portion is arranged to be protruding outward from the connector housing at a location separate from the connecting portions. The figure 1 terminal portions at PE, N, and NL are read as protruded outwardly from the connector housing. It is also clear that PE refers to ground.

3. Regarding claim 2, Beyer, see figures 1-2, 5 and 12, discloses the plurality of connecting portions 7 are arranged in a straight line.

Art Unit: 2839

4. Regarding claim 3, Beyer, see figures 1-2, 5 and 12, discloses the ground terminal PE further has a bus bar extended in a direction as same as the direction of the arrangement of the plurality of connection portions 7 and wherein the plurality of terminal pieces 5 are protruded from one side of the bus bar.

5. Regarding claim 4, Beyer, see figures 1-2, 5 and 12, discloses a mounting hole is provided on the common grounding portion.

### ***Response to Arguments***

Applicant argues that Beyer does not disclose wherein the common grounding portion is arranged to be protruded outward from the connector housing at a location separate from the connecting portion. The Examiner respectfully disagrees. Beyer, sees figures 1 and 3, the end of connector at PE is separated from connecting portions 7.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
